

Special Bradley Town Board Meeting  
Tuesday, March 29, 2016  
4:10PM  
Bradley Town Hall

Meeting was called to order by Chairman Koth. Present were Supervisors Eisenman and Hilgendorf, Bruce Hetzel with Hetzel's Plumbing and Heating and Gary Hilgendorf.

Discussion was had on the best way to proceed with the necessary changes that need to be made to the HVAC system in the Town Hall. After looking over the proposals that were received and discussion the decision was made to do a walk through with a handful of contractors and receive new proposals on the scope of work that needs to be done. The three contractors that submitted proposals all had different ideas and figured it was best to get everyone on the same page and looking at the same scope of work before any decision is made. Walk through with contractors will be on Thursday, April 7th at 4:00PM with all proposals due by Noon on Monday, April 18th.

Business was concluded at 4:30PM
